Founded in 2014 by experienced energy storage entrepreneurs Jeff Kostos, President & CEO, and Dr. Joon Kim, CTO, Spear designs and manufactures safe, high performance energy storage systems (ESS) for clients with some of the world's most demanding industrial and defense applications. Spear takes a chemistry agnostic approach towards integrating its in-house designed, scalable electronics, software, and mechanical systems with the most application-appropriate chemistry in order to maximize the value for its clients.

## PIKE

Pike offers safe, sustainable lithium-ion options for numerous ground and military applications.

## AERO

Spear technology is manned and unmanned vehicles reach new heights with clean, sustainable batteries.

## TRIDENT

Our Trident family is revolutionizing the marine industry by providing efficient, environmentally-friendly battery technology.
